MEDIA RELEASE:

THE BARDEN & ROBESON CORPORATION TO CENTRALIZE THEIR PRODUCTION

The Barden & Robeson Corporation, located in Middleport, NY announced that they are centralizing their production in their Niagara County facility. Mark Barden, company President noted that Barden has already hired five employees with the hope of adding up to a total of 40 once the building season begins. Barden announced earlier this year that they were stopping production in their Tully NY location. "Our Middleport facilities are better suited for the anticipated demand over the next 3 years," noted Tim Gelder, Treasurer. Both Gelder and Barden acknowledge that Senator Maziarz office has been instrumental in promoting the benefits of maintaining & strengthening their operation in Niagara county.

Barden & Robeson is a material supplier for the residential and light commercial building market. They specialize in fabrication of exterior walls and trusses under the brand Barden Building Systems. Please call for more information or visit us on the web at www.bardenhomes.com, for hundreds of designs, virtual tours, testimonials and homes from start to finish!
